

Community Manager | Mexico City | Social Enterprise**At Sistema.bio our mission is to create value from waste**

Sistema.bio is a leading social enterprise operating in Latin America, India, and Africa that seeks to impact climate change, food security and poverty by bringing technology, training and financing to farmers. Headquartered in Mexico City, Sistema.bio promotes a world where waste is a resource, and farmers are empowered and productive. We manufacture, sell, install and finance our patented biodigester systems for small and medium scale farmers to convert their waste into economic, health and environmental benefits. To-date our products have treated over 6.7m tons of farm waste, enabled over 25K people to produce clean energy, and saved over 36,000 ha of trees per year.

By the end of 2021, our goal is to have installed biodigesters for over 200,000 people in 15 countries where they lack access to clean, renewable and cost-effective energy. **We want you to be part of this impact story.**

**We are looking for a qualified Community manager to join our team.**

If you are a tech-savvy professional, experienced in social media and public relations, we would like to meet you. As our global community manager, you will be responsible to generate content to drive communications, engage with our global community and report KPIs for marketing intelligence purposes.

Are you up for the challenge?

- Write, edit and manage compelling content across a wide range of digital and traditional communication platforms.
- Interact with leads, partners and followers to build an engaged and dynamic digital community.
- Report on social media engagements within the community on a weekly basis.
- Manage and keep all Sistema.bio digital platforms up to date.
- Communicate content from our official digital channels to the relevant customer care, and sales departments for leads generation.

Does this sound like you?

- You have exceptional oral and written Spanish and English skills.
- You are familiar with Word Press for basic website management, social media channels and, Adwords, Google Analytics, MailChimp, etc.
- You have experience working with AdobeSuit and basic video editing.
- You are passionate about agriculture, renewable energy and social entrepreneurship
- You are a committed and dedicated person with strong communication and customer service skills.

If yes to all the above – we want to meet you!

Please email Xunaxi, our Communications Director, at xunaxi@sistema.bio with any questions, your resume and a cover letter.

We look forward to talking soon!
